With my classmates I read the following text:

Las acciones que realizamos reflejan los valores y los principios por los cuales nos regimos, no podemos ser insensibles ante el dolor de los demás si hemos practicado la solidaridad, no podemos ser intolerantes ante la diferencia de opiniones si hemos practicado el respeto mutuo, no podemos ser violentos en nuestras vidas si hemos cultivado el valor de la paciencia y del diálogo; en fin nuestras acciones diarias hablan de los valores y los principios que hemos cultivado desde nuestra infancia y hemos afianzado en nuestro paso por la escuela y el colegio. La sociedad necesita de personas que sean seres humanos antes que máquinas de trabajo, también necesitamos que las relaciones personales sean respetuosas y cálidas antes que relaciones marcadas solo por los intereses económicos que mueven a muchas personas en el mundo. Si queremos triunfar en cualquier campo de la vida, debemos tratar a los demás como seres humanos que como yo sienten, sufren, anhelan, desean, y sueñan con ser y estar mejor cada día para beneficiarse a si mismo y a quienes los rodean. Algunos valores y sentimientos positivos aparecen en la poesía o en la música, en esta guía vamos a deleitarnos leyendo algunas poesías y cantando algunas canciones con las cuales nos podemos identificar.

Look at this beautiful landscape...

1. Let's complete the sentence

This sunshine is like _____ because it's beautiful and wonderful.

- a. a problem
- b. our love

What I Love About You

*I love the way you look at me,
your eyes so bright and blue.
I love the way you kiss me,
your lips so soft and smooth.*

*I love the way you make me so happy,
and the ways you show you care.
I love the way you say, "I Love You",
and the way you're always there.*

*I love the way you touch me,
always sending chills down my spine.
I love that you are with me,
and glad that you are mine.*

In this beautiful poem we can identify the expression **I LOVE THE WAY....**, it means that you like the things that the other does. It's possible that you can use the expression **I HATE THE WAY...**, this expression talks about something disgusting or that you don't agree.

FRIENDSHIP POEM

Let's read another beautiful poem about friendship. First at all, in order to understand any text you have to underline the new words and look for their meaning. Remember that there are some special expressions called "TWO WORD VERBS" or "PHRASAL VERBS". These expressions are formed by a verb followed by a preposition. We have studied this topic in previous handouts. Here we are going to learn more words about this topic. Let's see some examples.

I read and write the poem on my notebook.

FRIENDSHIP

Standing by,
all the way.
Here to help you through your day.

Holding you up,
when you are weak,
helping you find what it is you seek.

Catching your tears,
when you cry.
Pulling you through when the tide is high.

Just being there,
through thick and thin,
all just to say, you are my friend.

Activity three

- Every one is going to make a drawing referring to the song, let's enjoy the music, and we are going to take into account the following words to design the drawing:

“ After I finish the drawing, I am going to write something about the song. Each one knows that DREAMS are very important in our lives, we can't let that our dreams be broken, as the song says, my text can be in Spanish referring to the importance to get my own dreams. I share this activity with my classmates, we can do a little exhibition about the drawings and the messages.

Another nice song

Before listening the song, we are going to answer the following questions, we only answer Yes or Not, be sure that you understand the questions.

Sometimes...

Do you feel alone in this world?

Do you need that somebody helps you?

Do you think that everything it's over?

Do you want to change something in your life?

La siguiente canción nos ayuda a encontrar valores y motivos relevantes para continuar fortaleciendo nuestro PROYECTO DE VIDA.

Necesitamos ser mejores cada día para lograr así las metas que nos hemos propuesto a lo largo de nuestra vida de esta manera estamos luchando desde el presente para tener un futuro mejor.

Recuerda que un sabio dicho dice

“ No dejes para mañana lo que puedas hacer hoy”.

Let's listen to the song and try to organize paragraphs in order the . Go to C.R.A and take the c.d. I don't disturb the other team-works, ask your teacher if you can leave the room. We know that we have to take care of all resources that be under our responsibility

Stuck in a moment (U 2)

*I'm just trying to find
A decent melody
A song that I can sing
In my own company.*

*And if the night runs over
And if the day won't last
And if our way should falter
Along the stony pass.*

*I never thought you were a fool
But darling look at you
You gotta stand up straight
Carry your own weight
These tears are going nowhere baby.*

*You've got to get yourself together
You've got stuck in a moment
And now you can't get out of it.*

*I'm not afraid
Of anything in this world
There's nothing you can throw at me
That I haven't already heard.*

*Don't say that later will be better
Now you're stuck in a moment.*

*And you can't get out of it
And if the night runs over
And if the day won't last
And if our way should falter
Along the stony pass.*

*I am still enchanted
By the light you brought to me
I listen through your ears
Through your eyes I can see.*

*It's just a moment
This time will pass.*

*And you are such a fool
To worry like you do
I know it's tough
And you can never get enough
Of what you don't really need now
My, oh my.*

*You've got to get yourself together
You've got stuck in a moment
And you can't get out of it.*

*Oh love, look at you now
You've got yourself stuck in a moment
And you can't get out of it.*

*I was unconscious, half asleep
The water is warm 'til you discover how deep.*

*I will not forsake
The colors that you bring
The nights you filled with fireworks
They left you with nothing.*

*I wasn't jumping, for me it was a fall
It's a long way down to nothing at all.*

*You've got to get yourself together
You've got stuck in a moment
And you can't get out of it.*

*Don't say that later will be better
Now you're stuck in a moment
And you can't get out of it.*

*And if the night runs over
And if the day won't last
And if your way should falter
Along this stony pass.*

Activity four

After you have organized the song's paragraphs let's compare the order with the original song that is at the end of this unit. (Annexes).

1. Write the unknown vocabulary and look for it at the dictionary.
2. We are going to select the keywords, making a list on our notebooks, looking at the dictionary for their meaning, we can divide the work among the members of the group. We give a specific time to do this activity at the end each one is going share the message that found in the song.
3. We share this activity with our teacher, he will correct the mistakes that he find in our activity.

La autonomía es un valor necesario en todos los campos de la vida; en lo personal, en lo familiar, en lo social y en lo laboral. En cada uno de estos aspectos para hacer lo que se debe hacer, la autonomía es de vital importancia, en la mayoría de los casos vamos a estar solos dependiendo de lo que debamos hacer por nuestra voluntad, así dependamos de otros en lo económico o en lo familiar. La autonomía demuestra madurez y solidez en las actuaciones de la vida. Igual que un ciclista, su trabajo es individual, y es el único beneficiado con su esfuerzo y responsabilidad. Este deporte necesita de la autonomía como todo los que hacemos en la vida.

1. The majority of classmates like English songs. So, we are going to get some lyrics

lyric. Before sharing the song each one is going to look for the vocabulary and the Spanish version of his or her song, in order to share the messages of the song. The team work is going to ask to the teacher the possible dates to do this activity, in order to get the specific date, the team work must be prepared to have the resources that they need for doing this activity.

- We can make a little festival of the English song, we can make groups or individual participation. We can prepare the song that we learn in this handout or prepare some one that we like it. In the English songs C.D we can find other songs that can be used in this festival. In this activity we are going to organize the festival, We only ask to the teacher about the date, we are able to do this, with our own rules.

This kind of activities help the people to be together and enjoyable.

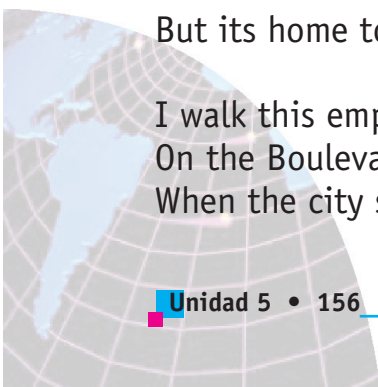

- We are going to write some interesting expressions about social values such as: peace, honesty, friendship, respect, solidarity, and so on. We can ask for helping to our teacher. This expressions are going to be exposed in our billboard PERIODICO MURAL, the expressions will refers to the values that are very important in our life. If I have values, and each one has values, the world can be changing in a right way. We can read more poems in order to take good ideas for our job.

This kind of activities make the people feel happy and important for the world.
